Phil Isenberg, Chair  
Blue Ribbon Task Force  
Marine Life Protection Act Initiative

Re: Recommendation for the Central Coast Study Area

Dear Chairman Isenberg:

Our organization, the Alliance for Communities for Sustainable Fisheries, has been organized to represent the economic, social, and cultural interests of the recreational and commercial fishing industry in the geographic region from Port San Luis (Avila Beach) to Pillar Point Harbor in San Mateo County. As the name implies, we are committed to the preservation of sustainable fisheries and link the fishing activity with the greater communities that support that industry. Resolutions supporting the efforts of the ACSF have been adopted by the City Councils of Monterey and Morro Bay, by the elected Commissions of the San Mateo County, Moss Landing and Port San Luis Harbor Districts, and the Santa Cruz Port District.

First may I thank you for participating in the dinner hosted by the City of Monterey and other agencies to help establish communication between Task Force members and staff, and waterfront community leaders in our region. It was a pleasure meeting you and I am personally heartened by your commitment to see that the MLPAI process is a fair one.

I am writing now representing the Alliance to express our support for a Central Coast study area that would lie between Pigeon Point to the north down to Pt. Arguello to the south. We do not feel that the study area boundary should extend farther north or farther south for the primary reason that it will involve other major fishing communities out of San Francisco and out of the Southern California region, which will make the study project far more complex. To assure success of this project, the project area needs to be manageable. Thank you for considering our view.

Sincerely,

Kathy Fosmark  
Co-Chair, ACSF
